

# Community Language Schools program Funding Guidelines

# Overview

A Community Language School (CLS) is a not-for-profit, after-hours language and culture school, open to all students irrespective of their linguistic background.

The Government of South Australia provides annual funding to support CLS to deliver language and cultural programs. These programs are delivered to South Australian school-aged students outside school hours.

This funding can be used to support language and cultural learning programs or the delivery of South Australian Certificate of Education (SACE) language subjects.

CLS must be accredited to receive funding.

Information regarding the process to become accredited for the first time or maintain accreditation is set out in the **Community Language Schools Program Accreditation Guidelines**.

This guideline provides information on the funding available to CLS including details of the formulas used to calculate the funding provided to each CLS.

These Funding Guidelines **must** be read in conjunction with the **Community Language Schools Program Accreditation Guidelines**.

Information regarding the process to offer a SACE Subject through SACE funding is set out in the **Community Language Schools Program SACE Guidelines**.

## Funding

Once accreditation has been approved by the Department for Education, a CLS will be eligible to receive State Government funding to support its operations.

Funding is calculated on the enrolment data provided by the CLS to CLSSA. The enrolment numbers used to calculate the funding are based on enrolments collected at a census conducted in term 1 and term 3 each year.

The types of funding available and formulas used to calculate the funding for each CLS are as follows:

### Per Capita Funding

Funding is provided at a base rate of \$153 per enrolment living in South Australia. This base rate is calculated as of 1 January 2022 and is indexed each calendar year thereafter in accordance with the Department for Treasury and Finance's mandatory indexation rate for not-for-profit organisations.

## Needs Based Funding

Funding is based on the student enrolment data from CLS, as follows:

- \$1,200 (ex GST) for CLS with less than 35 enrolments
- \$35 (ex GST) per student for CLS between 35 and 485 enrolments (inclusive)
- \$17,000 (ex GST) for CLS with 486 and 999 enrolments (inclusive)
- \$22,000 (ex GST) for CLS with 1,000 enrolments or greater.

## Establishment Funding

Once-off establishment grant of \$3,000 (ex GST) for a new accredited CLS.

The establishment grant will only be available to newly accredited CLS or CLS that have not been accredited for a period of 5 years or more. For this purpose, the date of the previous accreditation will be the date of the letter from the Department for Education regarding its accreditation status.

## SACE Funding

Schools that offer the SACE subjects are eligible for funding for each student enrolled in either Stage 1 or Stage 2 subjects. For further information about offering SACE subjects, please refer to the Community Language School Program SACE guidelines.
