## DECD SWIMMING & AQUATICS Epilepsy management policy Safety Watch Register

## Students identified with epilepsy must always be monitored while in or on the water.

## Active Supervision by Safety Watch

- 1. Stand on pool deck at all times watching identified student
- 2. If need to leave pool deck, another adult must take over supervision
- 3. Alert instructor if student show signs of or commences a seizure
- 4. Alert all other staff in the pool for support.

## As a safety watch I understand my role to actively supervise the student with epilepsy
