

Quality Music Education Framework

Music for all

All children and young people deserve access to a high-quality music education that is valued, celebrated and inspires learning.

Music for learning

Music education develops thinking and learning skills, enhances creativity, wellbeing, inclusivity and social skills.

Music for inclusivity

The South Australian Quality Music Education Framework is for all students, teachers, decision makers, parents and community partners.

Music is for now

The framework puts into action the Music Education Strategy 2019 to 2029, introducing initiatives that foster a world-class music education.

Tune in

Ask yourself?

Does everyone understand the value of music education?

Is music embedded in the normal learning day?

Can all children access continuous, sequential and developmental music education?

Do we share and celebrate music achievements and learning within our school, preschool or community?

Can we form new partnerships that enhance music learning opportunities for our students?
